DRAYTON VALLEY ALBERTA
Vol. 4. No. 5. A. Playford, Publisher.

LODGEPOLE SCHOOL TO BE OFFICIALLY OPENED

Honorable A.O. Ashborg, Minister of Education, will officially open the new Lodgepole School on Wednesday, March 4th, at 8:00 p.m.

There will be several prominent persons present, and all the residents of Lodgepole and Cynthia are expected to be present.

This school was erected at an approximate cost of \$140,000, and contains six classrooms, science laboratory and a large gymnasium with stage. A beautiful addition to the community. Preparations are underway to add two more classrooms and a typing room, to be completed for the Fall term.

The Lodgepole school has an enrollment of about 170 at present. Six teachers are on the staff; Mrs. Martin, Mrs. Dusterhoft, Mrs. Greshuk, Mrs. Harley, Mrs. Freeman, and Mr. Elliott, high school teacher and principal.

TELEPHONE SWITCHBOARD BEING INSTALLED

Lodgepole will soon have its own telephone system with the completion of the switchboard which is now being installed in the Tony Hoytvoez residence in Lodgepole. Mrs. Hoytvoez will take care of the switchboard. Mr. Hoytvoez is employed with Pembina Pipe Lines Ltd.

Starting in March the Town of Lodgepole will have a daily mail service. Present mail service is tri-weekly.

ROOF FINISHED ON CURLING RINK.

The roof on the Drayton Valley Curling Rink is being finished with a bonded roof which is being on by an Edmonton contractor. There is over 18,000 square feet in the roof.

LOCAL R.C.M.P. SHIP WINS IN CALGARY

A rink skippered by Constable Terry Lewis, of the Drayton Valley barracks, won the Police Championship for Alberta in curling. The rink was made up of R.C.M.P. officers, Mike Hyatt, of St. Paul, played Third, Al Dink, of Westlock, played Second and Curly Kapelak, of Breton, was lead. The games were played last week, on Thursday and Friday.

This rink will go to Port William for two days, March 9 and 10 for the Dominion Championship.

SCHOOL TO STAGE AMATEUR NIGHT.

On Friday, March 6th, Drayton Valley High School will stage an amateur night in the school Auditorium, at 8:00 p.m. Tickets are on sale for .50¢ and .25¢. Thus far about 40 contestants have lined up for the show. Entries are open to anyone, whether an school or not. It is expected that it will be about a two hour show.

TOWN CENSUS COMPLETED.

The official town census was completed recently, with a total of 2528 persons found to be residing within the

Town limits. This figure is up over 200 from last year. School enrollment is also up considerably from last year.

WARNING ISSUED ON SPLASHING.

Drayton Valley Police Chief Miles recently issued a warning to motorists in Drayton Valley to exercise care during the spring season to avoid splashing pedestrians. It was stated that those found guilty would be prosecuted to the fullest extent of the law. Pedestrians are advised to get the license number of any vehicle which splashes them if at all possible.

A driver is also being brought up in court for spinning wheels in loose gravel and breaking windows in a store front. Witnesses saw the act occur and took the license number of the car. Others have been prosecuted on the same charge in the past.

A new set of traffic by-laws for the town is now being drafted and will be published soon.

DRAYTON VALLEY HOME AND SCHOOL ASSOCIATION.

The Drayton Valley Home and School Association met in the school auditorium Monday evening, February 23. Guest Speaker for the occasion was Rev. Gerry Hutchinson, of Telfordville. He spoke of the place of Home and School in the community and its aim of better relationship between parents and teachers. Rev. Hutchinson spoke in the absence of Mrs. Sutherland who was ill.

A motion was made and unanimously carried that Home and School Association in Drayton Valley meet continue. There was an excellent turn-out of people for the Monday night meeting.

A new programme committee was formed with Mr. Byram continuing as chairman. Programmes in the future, will be much improved and well advertised as to the topic of discussion. A very encouraging turn-out was on hand for this meeting with 25 new members joining the association. See YOU next meeting, March 23.

GUIDES AND BROWNIERS FORUM.

A Thinking Day program was held by the Guides and Brownies in the Scout Hall Sunday, Feb. 12 at which 30 mothers attended. The Guides and Brownies took part in a short ceremony, followed by a film. Tea was served and a discussion followed when a local association of Guides and Brownies leaders was formed.

MEIERS RINK WINS JACK CREEK CHAMPIONSHIP

The Meiers rink won the Grand Challenge at a recent contest in Jack Creek. The local rink beat out the Robert's rink of Breton, who won over them last year. Playing third on the Meiers rink was Lou Girard, Jim Frippe was second, Ron Meiers was lead and Adrian Meier skipped the rink.

TEHOMINS WITNESSES MEET MARCH 1st

Mr. W.J. Prince will be the speaker at a Jehovah's Witness meeting in Community Hall, at 3:00 p.m. next Sunday.

BY: Harold McLaughlin,
Stony Plain Constituency.

OPPOSITION MEMBERS THINK OTHERWISE. SEVERAL Opposition members took strong exception to Mr. Aalberg's claims as to the status of high school education here. As an example, Independent Member Frank Gainer reported that Dr. Andrew Stewart, former U. of A. President, had recently inferred that it might be necessary to add a year to the University course in order to correct matriculation deficiencies.

NEW HEALTH SERVICE. Speaking in the Throne Speech delivered last night, Mr. Minister, Dr. Ross, outlined the following additions to existing health services: Out-patient service to be included in hospitalization plan; provision for diabetes, which will be free until it can be made free for all; x-ray service to be paid for by patient; use of expensive radio-active isotopes in diagnosis and treatment of cancer to be included under out-patient services at nominal rate; between two and three thousand extra beds to be added partly through Government and partly through private sources; the new Hospital Plan is now costing the Government \$30 million per year, and that the cost will continue to rise. Of the total cost, patients and municipalities are expected to pay about one-third. The Federal Government is covering the remaining 80%.

RURAL GAS AND TELEPHONES. Speaking on the Throne debate, your member for Stony Plain urged the Government to lead in developing a plan for the extension of natural gas service to rural residents in areas close to pipe lines or other source of supply. The Government was also urged to seriously consider the tremendous possibilities in the joint use of rural power and rural telephones. It was cited that combined telephones and power lines have been operating for many years in the U.S., and one (can't read column)

DEFICIT BUDGET. The record \$309 million budget brought down by Provincial Treasurer W.H.Hamman, on Friday evening was a major departure from usual social credit fiscal policy, in that it took a \$48 million plunge into the realm of deficit financing. The predicted surplus was offset by a decrease in revenues and expenditures by increased expenditures for health, welfare, education, and highways.

Details of the budget are so well covered by general news reports that there is no need to report them here. Opposition Leader, G.D. Boucher, will lead off to the speakers as does the Throne Debate, but should not last quite so long.

BY: Edith Deby.

Mrs. Henry Dunnington and Mrs. Clarence Dunnington entertained on Saturday afternoon at a bridal shower in honour of Miss Meroeen Lamsidel whose marriage to Mr. Ronald Jorgensen takes place in Drayton Valley United Church on February 26. Guest enjoyed an afternoon of Whist. Mrs. Adolph Lamsidel and Miss Meroeen Lamsidel were prize winners. The bride received many pretty and useful gifts. Mrs. Colvin Wortlett assisted the hostesses in serving.

Mr. and Mrs. Ray Knorre and daughter, Karen, were guests at the Tom Ross home for the weekend. Mrs. Knorre and Mrs. Ross are sisters.

Mr. and Mrs. Morrison visited the Herndon family recently. Mrs. Morrison, the former Marie Campbell, is nursing in the Royal Alexandra Hospital. Mr. Morrison is with T.C.A.

THE SIGNIFICANCE OF THE MANTOUX TEST.....

All school children in the Edson Health Unit area either have received or will receive this test in the next few months. In addition, food handlers throughout the area have been tested and contacts of all cases of tuberculosis as notified to the Health Unit by the Central Tuberculosis Registry in Edmonton.

The test is an injection into the skin of the forearm of a substance called tuberculin. In a person who reacts to this substance, the characteristic reaction of swelling and redness appears in a few hours, reaches its maximum in 48 hours and gradually fades. The test is read by the nurse 48 hours after it is performed. The significance of a reaction to the test is that the person has been in contact with a case of tuberculosis some time previously. It does NOT mean that person has tuberculosis. All persons who show a reaction should be X-rayed however.

As children get older, their chances of being exposed to tuberculosis increase, especially in a large city. Recent small surveys have shown that 10% of 15-year olds living in large Ontario cities have a reaction to the test. In rural areas and towns, the number of reactions to the test is much lower. Of all the children tested so far by the Edson Health Unit (more than 1000) some 4% have shown a reaction to the test. It is felt that the tuberculin test should be carried out every 2 years as it is recognized as a most important case-finding procedure, especially with the increasing use of X-rays to-day. Active tuberculosis is most likely to develop in early adulthood and those children who have a reaction to the test are carefully watched up to and through that period. Some of you may be wondering what to do if a case of scarlet fever or streptococcal infection arises in the household. There is no quarantine in this disease, as a result of recent legislation, but adequate treatment of the case is necessary. The disease, on the whole, appears to be relatively mild in Alberta as shown by surveys carried out in Calgary and district in 1956. This is the experience of the rest of the world. Because of the presence of asymptomatic ambulatory carriers and the mild nature of the disease, which is often regarded as a simple case threat by parents, even in those cases which are sufficiently severe to be reported to them by the children, the average infection rate or prevalence at the time of initial discovery was in the region of 20% in the Calgary survey. Control, therefore, is virtually impossible. Measurement, however, can be readily given about the nature of the disease itself.

The Editor, HOUSE OF COMMONS, CANADA.
Pembina News Advertiser. February 20, 1959.

Dear Mr. Editor:

I would like to comment on the statement issued by Mr. Charles Peterson of the Alberta Wheat Pool on February 14th.

For a man in a position to know better Mr. Peterson makes some very erroneous statements with regard to my comments on the deficiency payments. I have voiced my objection to the proposed plan of the three Wheat Pools of paying a deficiency payment on grain marketed in 1955-56, 1956-57 and 1957-58.

With regard to the point of deficiency payments in other agricultural products, that is an entirely different matter, and as a matter of fact the Government has already used this method in certain products such as wool, B.C. apples, etc. (can't next column.)

With regard to the figures quoted by Mr. Peterson, the thing that he forgot to mention was the percentage of our farmers who delivered the 18 billion bushels in the three crop years and if he will go over his figures he will find that the great majority of this grain which was produced for sale was produced by a very small percentage of our farmers, and this of course is the answer to his entire statement.

He states that the farm movement hoped that deficiency payments would be kept out of politics, as though "politics" were a bad word and something not to be spoken. I would remind the people that politics is the science of running a country and that the sooner we realize that this is so and that everything we do has some bearing of a political nature, the clearer the air will be.

I might add that I have yet to receive a letter from an individual farmer supporting the demands for deficiency payments on a bushel basis and I have had a great many supporting the stand which I have taken.

Yours sincerely,

Hugh M. Harner, M.D., M.P.,
Jasper-Edson.

HIGHLIGHTS (cont.)

Mrs. William Hill left recently for a vacation in Ontario and Eastern United States. She travelled by train to Ontario where she joined her two sisters and a brother-in-law for a motor trip to Florida. Mrs. Hill expects to be gone three months.

Mr. and Mrs. Bea McIntyre, of Uranium City, visited Mrs. McIntyre's mother, Mrs. Olga Mischert, for the weekend. Mrs. Mischert's sons, their wives and families came home to make the family re-union complete.

HERE AND THERE.

Closing up shop in Drayton Valley soon is the Carl Tomlinson Electric Co., which has been in this field since 1956 when they established their own shop here after working out of the Edmonton office before that.

Don Rasmussen who has been with them as foreman, is going with the provincial government Electrical Division, as an electrical inspector.

A handsome Citation of Merit was presented to Drayton Valley's Fire Department, for their work in the Muscular Dystrophy campaign. The Citation states: "The Muscular Dystrophy Association of Canada awards this Citation of Merit to Drayton Valley Fire Department in recognition of distinguished service in the search for the cause and cure of muscular dystrophy."

Allen Kay who was injured in an accident in October, on Highway #77, near the junction with Highway #16, is still in University Hospital. He is paralyzed from the waist down as the result of the severing of his spinal cord in the accident. Doctors say he will always be paralyzed. Mrs. Kay is staying with friends in Edmonton to be near her husband.

Lanny Allen, of Violet Grove, is making a very good recovery in General Hospital after a serious attack of double pneumonia. He spent considerable time in an oxygen tent there. Lanny is one of the boys who had polio in 1955.

(WINTER WORK CAMPAIGN)

NOW is the time to have that extra work
done. Here are some of the reasons why.

1. Directly gives more employment.
2. More men have an income and can help local businessmen keep thriving.
3. With more volume merchandise prices drop, giving a direct benefit to you, the person who had the work done in the first place.
4. Because of the slack period, labor prices are lower and you can get the job done cheaper.
5. Also, because of the slack period you don't have to wait to have work done.
6. Indirectly, you benefit by keeping men working, directly, you benefit by lower prices.

THERE ARE MANY MORE BUT, THESE ARE SUFFICIENT
TO SHOW WHY WE SHOULD ALL GET THAT JOB DONE
NOW. Applicable to the situation are rumpus
room, fireplaces, painting, interior furnishing,
attic rooms, etc.

We have special prices regarding rumpus
rooms at \$1.05 per sq. foot of floor space.

Interior enamel at \$3.10 qt.

Interior flat paint at \$2.40 qt.

Festest \$2.50 per 4 X 8 sheet.

Cypress \$2.40 per 4 X 8 sheet.

G.M.A.C. Time Payment Plan Available.
On All Units

FOR THE FIRST TIME THIS TYPE OF SERVICE IS AVAILABLE IN STONY PLAIN.. WE HAVE JUST INSTALLED THE LATEST HY-PRESSURE STEAM JENNY, EQUIPPED WITH A STEAM-THORO-PURGE. ALL THIS FOR YOUR BENEFIT.

All cars and trucks carry a 30 day 50/50 warranty....

Steam Back Flushing--

BACK FLUSH YOUR ENTIRE COOLING SYSTEM, WITHOUT REMOVING YOUR RADIATOR, YOU CAN STAND BY AND SEE THE OIL, MUCK AND SCALES COME OUT OF YOUR BLOCK AND RADIATOR AND WHEN WE ARE FINISHED YOU WILL SEE CRYSTAL CLEAR WATER COMING FROM THE ENTIRE COOLING SYSTEM.

Steam Greasing--

WHEN YOUR CAR IS STEAM GREASED YOU CAN BE SURE THAT YOU REALLY HAD A GREASE JOB. IT TAKES BUT A FEW MINUTES LONGER THAN THE OLD WAY. ASK OUR ATTENDANTS ABOUT STEAM GREASING.

DRIVE IN THE NEXT TIME YOU COME BY -- AND SEE THE HY-PRESSURE STEAM JENNY IN operation -- Find out how little a complete steaming job costs... You'll be glad you did.....

MOBIL OIL PRESENTS CHEQUE

Cheque presented to Drayton Valley Hospital by Mobil Oil of Canada, Ltd., will provide new Infant Resuscitator and Aspirator for Hospital.

Cheque for \$561.00 was presented Tuesday, (June 30) in Drayton Valley to Mr. Don McKennie, (second from left), Hospital Board Chairman, by Mr. L.C. Stevens, (second from right), Vice President and Production Manager, Mobil Oil of Canada. The company is the major operator in the Pembina Field. Others in the picture, left to right: L.S. Hebert, District Operations Superintendent and Dr. T.H. Brooks, Medical Officer to Mobil Oil in Drayton Valley.

(Further details inside)
